Professional Information

Please attach a brief, two-page form of your *curriculum vita* in a current version of Microsoft Word, WordPerfect, or PDF. Caution: highly formatted documents such as *curriculum vitae* do not translate well from one format to another, so please review your document before submitting it.

Project Description

Please attach a concise description in a current version of Microsoft Word, WordPerfect, or PDF, not to exceed 1000 words, outlining the purpose, scope, and significance of the project, a detailed plan of work and timetable for completion, and a description of the published form the project will take. (Provide sample entries, if applicable.)

Note: The BSA Fellowship Committee evaluates applications on the basis of whether the project makes sense in terms of existing scholarship, whether the applicant is qualified to undertake the proposed project, and whether a BSA stipend would make a significant difference to the completion of the project.

Please list the names of two persons whom you have asked to submit letters of reference. The letters should be written specifically in support of this application by persons in your field who are competent to judge the significance of the project. Applicants are advised to request recommendation letters well in advance and to direct referees to the Society's Web site for guidance. **It is the applicant's responsibility to have the letters of reference in the Society's hands by December 15, 2011.**
